Spectralink DECT Enterprise Mobility Solution for All Your Needs

Spectralink DECT Solution - Overview

High level overview

DECT Product Overview - TODAY

Spectralink offers special accessories to maximize the capabilities of the Spectralink 7000 solution

Spectralink DECT 7000 Accessories

- Charging stands
- Carrying options
 - Leather and industrial cases
 - Rugged holsters and clips
 - Nylon lanyard

Selecting the right accessories will help you maximize benefits for customers

DECT Innovation & Product Planning

DECT Product Overview | Updated

Butterfly

Handset

Hybrid-DECT Server(s)

Model: 2500 Multi-Cell 2 – 150 Users

Model: 8000 Multi-Cell 150 – 4K Users

76-Series Handset

77-Series Handset

7502 DECT Handset

- New 7502 Entry Level DECT Handset Model
- Colour: Black ONLY
- Colour Display
- Wired Headset Support
- Replaceable Li-ion Battery
- Vibration Alert Yes
- Targeted Messaging (24 char) e.g. "Fire Alert. Leave NOW"
- Rx Broadcast Messaging supported. XML API can confirm message delivery
- All standard languages supported (15)
- Notes:
 - Call Transfer Icon under "R" key
 - Voicemail icon under "1" key

Message Example

ITSP / SP - SOHO Segment Product Fit DECT Solution

Product Required:

- Cost effective single cell DECT solution
 - 200 IP-DECT Server
 - (e.g. 200 IP-DECT Server + Built-in DECT Radio Base Station).
- Max Handsets Supported: 12 handsets
- Simultaneous Calls: 6
- Repeaters: 3
- Zero-Touch Provisioning Support
 - Redirection Server to point to ITSP / SP's Provisioning Server
 - Server to securely download firmware, config & user settings
 - Handset firmware Updated OTA
 - Handset configuration over the air (Planned)

Handset:

- 1. Supports ability to receive 24 character TEXT Message (e.g. "Fire Alarm")
- 2. Integration with leading UC/UCaaS Call Control Platforms including:
 - Cisco CUCM/HCS *
 - Broadsoft Broadworks
 - Microsoft SfB
 - Others (as standard) IP-PBX / UC platforms supported
- 3. Li-ion battery

Spectralink DECT servers	200			
Markets	SOHO Store Chain			
PBX Integration	IP (SIP)			
Spectralink IP-DECT Base Station	Single Cell			
Spectralink Repeaters	3 per base station			
DECT Handsets (max No. subscriptions)	12			
Max. no. of simultaneous calls	6			

Key IP-PBX / Call Control / UC Platform Focus

- Avaya
 - Aura (supported)
 - IP Office (supported)
- Broadsoft
 - BroadWorks (supported)
 - BroadCloud (Managed Broadworks) (plan)
- Cisco
 - CUCM (supported)
 - HCS (supported)
 - Spark (plan)
- Microsoft
 - Skype for Business On-Prem (supported)
 - MS Teams (Skype for Business Online) (plan)
- Asterisk Based
 - Digium
 - Others
- Other platforms
 - Mitel / Shoretel Continue to support (opportunistic)
 - Unify Continue to support (opportunistic)

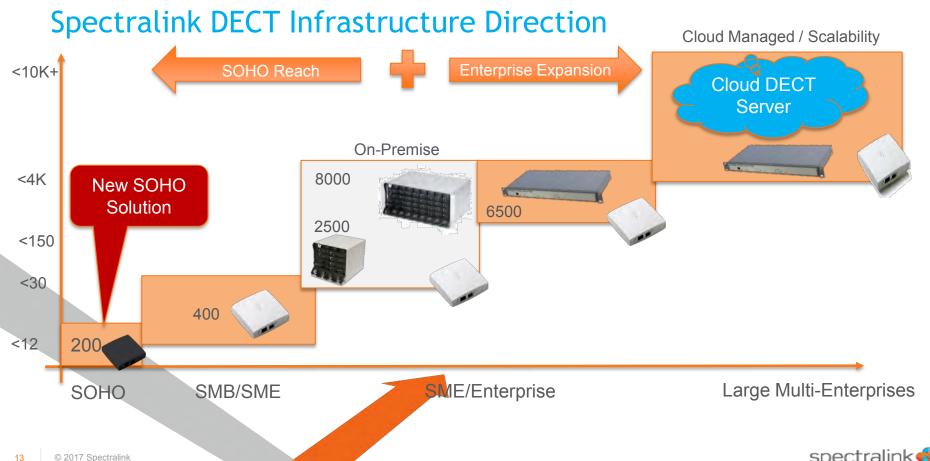

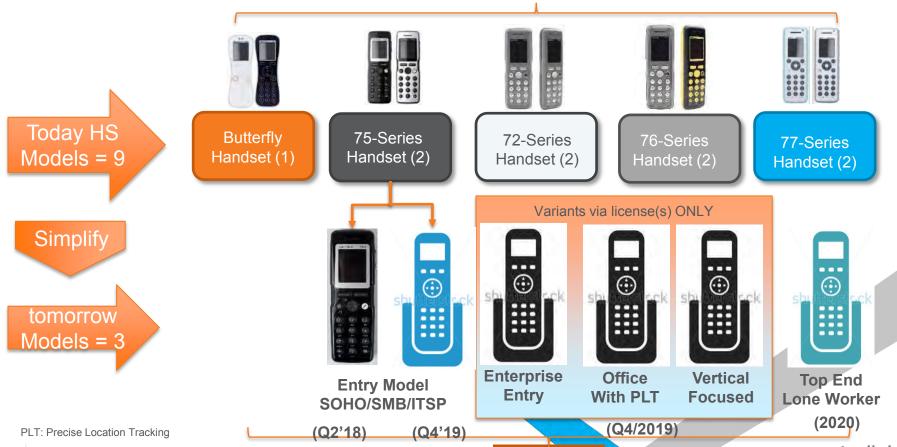

DECT Handset Portfolio today and tomorrow:

Global SKUs

Key Software Solution Focus Across All Products

Location Services

- Precise Location Tracking
- DECT Base Station based triangulation
- Bluetooth LE based tracking

Lone Worker Solutions

- Man-down, no movement & running detecting
- Alarms & Alerts
- Broadcast messaging support (e.g. "fire in zone N")

Enterprise Messaging

- User advanced secure messaging
- System to user & group secure messaging
- Messaging alerts & alarms

Enterprise Grade Security

- End-End IP security
- Over-the-air DECT security support
- Extensive audit logging

IoT Support & Cloud Integration

- Bluetooth LE support
- DECT ULE Support
- · Cloud based Analytics (SpectraCloud)

DECT Server & RFP Portfolio innovation (high-level roadmap)

#	Segment	DECT Controllers & Radio	FY	Remarks
1	SOHO/SMB	New 200 (SOHO)400 (Small SMB)	2018	200: Single Cell / ITSP / Volume. Add: Redirection / SIP line sharing. Colour: Black
		- 400 (Siliali Sivib)		
2	SME/Enterprise	= 6500	2019+	Use 2500 / 8000 as base Build IP "Gateway" for
		■ IP-Gateway		connecting Digital B/S to IP-DS
3	Hybrid/Migration	- 2500	2020+	Minimize dev & maintain. Support digital Infra with IP-
		8000		Gateway
4	All Radio	New Repeater		Repeater: Centralise management, improved
		New IP B/S	2020+	antenna, new design <u>B/S & IP B/S:</u> Improved CPU / RAM; Improve Antenna; F/W:
		New Digital B/S		ULE

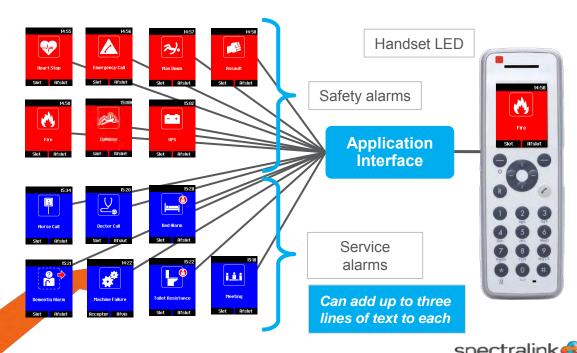

DECT Handset Application Possibilities

Broad 3rd Party Application Integration Enable Innovative Solution & Even Greater Productivity

- DECT AIMS application integration
- Text messaging
- Broadcast messaging
- Location detection
- Task list
- Detection & alarm for:
 - Alarm button
 - Man-down
 - Pull cord
 - User running

Third-party application integration through an open XML protocol as API

DECT Application Integration Management Solutions (AIMS)

The industry's largest ecosystem of application partners to deliver enhanced solutions

INTRODUCING

VERSITY

THE SAVVIEST PURPOSE-BUILT ENTERPRISE SMARTPHONE

The challenge

YOU REQUIRE A SOLUTION THAT EMPOWERS WORKERS IN NEW WAYS

MOBILITY SOLUTIONS CAN GIVE YOUR WORKERS ACCESS TO DATA, TEAMS AND INFORMATION FROM ANYWHERE

HOWEVER, BIGGEST MOBILITY CHALLENGES STILL EXIST WITH WI-FI COVERAGE OR MOBILITY VOICE

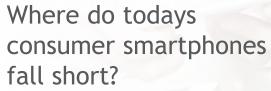

YOUR WORKERS WANT WHAT THEY USE PERSONALLY

TODAY'S RUGGED SMARTPHONES OR CONSUMER DEVICES STILL FALL SHORT

TCO – Lifecycle <18 months

Purpose-built capabilities

Swappable batteries

Enterprise-grade security and management

Wi-Fi voice challenges

Ruggedness

Shared devices

Enterprise-level maintenance

Where do todays rugged smartphones fall short?

The Savviest Purpose-Built Enterprise Smartphone

Sleeker, more consumer-like smartphone form factor

• Width: 153x76x12 mm

• **Weight:** 204 g, 214 g (scanner)

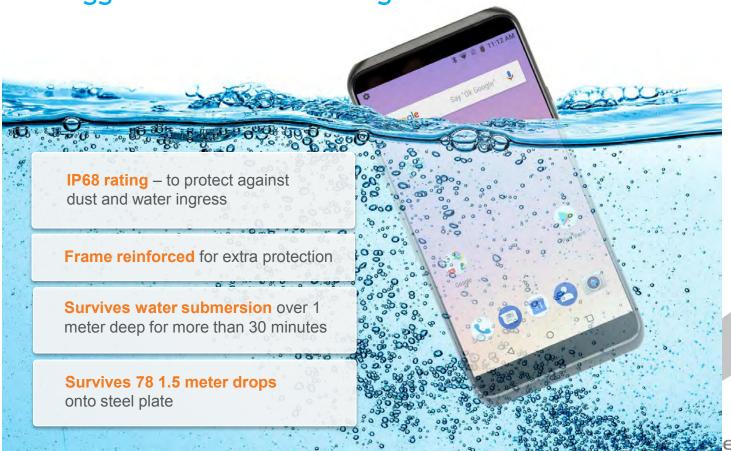

Maximum display size to fit in one hand

Rugged to withstand tough environments

Fingerprint reader

RTLS Location

USB type C

Single sign-on capable

LTE

There Are 4 Versity Smartphone Models

95-SERIES

9540

Streamlined design with slimmer profile

9553

Dedicated, built-in barcode scanner

96-SERIES (LTE)

9640

Streamlined design with slimmer profile

9653

Dedicated, built-in barcode scanner

Accessories

No matter how you work, Spectralink has a solution to help you work smarter!
